WORK EXPERIENCE

Front end developer

Company CryptoFeline, jan 2023 - dec 2023

Developed a webpage for the presentation of an NFT token using React.js and Bootstrap with SaaS for development. Implemented interactive functionalities and optimized performance.

Full Stack Developer

Company XDream, ago 2021 - nov 2022

Development of a sports-focused social network using technologies such as React, Redux, Node.js, Express, Postgraph, and Prisma.

Web developer

Freelance, jun 2020 - may 2021

Created websites with React.js and Redux to frontend and Node.js to backend. Implemented digital solutions tailored to meet business needs. Utilized MongoDB, Express and MUI to enhance user experience and site efficiency.
